

Nutrición

| Español | English | Français |
|-------------------------------|------------------------------|-----------------------------------|
| aceite | oil | huile |
| acetaldehído | acetaldehyde | acétaldéhyde |
| acetilcolina | acetylcholine | acétylcholine |
| acetonemia | acetonemia | acétonémie |
| ácido | acid | acide |
| ácido ascórbico | ascorbic acid | acide ascorbique |
| ácido clorhídrico | hydrochloric acid | acide hydrochlorique |
| ácido graso | fatty acid | acide gras |
| ácido graso volátil | volatile fatty acid (VFA) | acide gras volatil (AGV) |
| ácido úrico | uric acid | acide urique |
| acidosis | acidosis | acidose |
| acidosis celular | cellular acidosis | acidose cellulaire |
| adenosina de trifosfato (ATP) | adenosine triphosphate (ATP) | adénosine triphosphate (ATP) |
| adiposo | fat cell | adipocyte |
| albúmina | albumin | albumine |
| alcalino | alkaline | alcalin |
| aldehído | aldehyde | aldéhyde |
| aminoácido | aminoacid | acide aminé |
| amoníaco | ammonia | ammoniac |
| anemia | anemia | anémie |
| anorexia | anorexia | anorexie |
| antihelmíntico | anthelmintic | anthelmintique |
| apetito | appetite | appétit |
| arginina | arginine | arginine |
| astenia | asthenia | asthénie |
| astringente | astringent | astringent |
| autoanticuerpo | autoantibody | auto-anticorps |
| autoxidación | autoxidation | auto-oxydation |
| avitaminosis | avitaminosis | avitaminose |
| azúcar en sangre | blood sugar | sucre dans le sang |
| beriberi | beriberi | beriberi |
| betacaroteno | beta-carotene | béta-carotène |
| bilis | bile | bile |
| biotina | biotine | biotine |
| bocio | goiter | goître |
| botulismo | botulism | botulisme |
| bulimia | bulimia | boulimie |
| calciferol | calciferol | ergocalciférol |
| calor | heat | chaleur |
| caloría | calorie | calorie |
| calostro | colostrum | colostrum |
| carbohidrato estructural | structural carbohydrate | hydrate de carbone structurel |
| carbohidrato fibroso | fibrous carbohydrate | hydrate de carbone fibreux |
| carbohidrato no estructural | non-structural carbohydrate | hydrate de carbone non-structurel |

| Español | English | Français |
|-------------------------|-------------------------------|--------------------------------|
| carbohidrato no fibroso | non-fiber carbohydrate | hydrate de carbone non-fibreux |
| carminativo | carminative | carminatif |
| catecolamina | catecholamine | catécholamine |
| cenizas | ashy | cendres |
| cereal | cereal | céréale |
| cetoacidosis | diabetic acidosis | acido-cétose diabétique |
| cetona | ketone | cétone |
| cisteína | cysteine | cystéine |
| citotóxico | cytotoxic | cytotoxique |
| colágeno | collagen | collagène |
| colesterol | cholesterol | cholestérol |
| colesterol HDL | HDL cholesterol | cholestérol HDL |
| colesterol LDL | LDL cholesterol | cholestérol LDL |
| colinérgico | cholinergic | cholinergique |
| concentrado | concentrate | concentré |
| densidad energética | energy density | densité énergétique |
| deshidratación | dehydration | déhydratation |
| diabetes mellitus | diabetes mellitus | diabète sucré |
| diarrea | diarrhea | diarrhée |
| dietética | dietetic | diététique |
| digesta | digesta | digesta |
| digestibilidad | digestibility | digestibilité |
| dióxido de carbono | carbon dioxide | dioxyde de carbone |
| dispepsia | dyspepsia | dyspepsie |
| diurético | diuretic | diurétique |
| dopamina | dopamine | dopamine |
| duodeno | duodenum | duodenum |
| ensilaje | silage | ensilage |
| epitelio | epithelium | épithelium |
| equilibrio ácido-base | acid-alkaline balance | balance acide-base |
| ergogénica | ergogenic | ergogénique |
| escorbuto | scurvy | scorbut |
| esfínter | sphincter | sphincter |
| fenólico | phenolic | phénolique |
| fibra | fiber | fibre |
| fibra neutro-detergente | neutral detergent fiber (NDF) | fibre de détergent neutre |
| fructosa | fructose | fructose |
| galactosemia | galactosemia | galactosémie |
| gastroenteritis | gastroenteritis | gastro-entérite |
| germinar | germinate | gastrointestinal |
| glicerol | glycerol | glycerol |
| glicina | glycine | glycine |
| glucógeno | glycogen | glycogène |
| glucosa | glucose | glucose |
| gramínea | gramineae | graminée |
| grano | grain | graine |

| Español | English | Français |
|--------------------------------|---------------------------------|--------------------------------|
| grasa | fat | matière grasse |
| grasa insaturada | unsaturated fat | matière grasse insaturée |
| grasa monoinsaturada | monounsaturated fat | matière grasse monoinsaturée |
| grasa poliinsaturada | polyunsaturated fat | matière grasse polyinsaturée |
| grasa saturada | saturated fat | matière grasse saturée |
| hambre | hunger | faim |
| hexosamina | hexosamine | hexosamine |
| hidrosoluble | water soluble | hydrosoluble |
| hierba | grass | herbe |
| hígado | liver | foie |
| hipovitaminosis | hipovitaminosis | hipovitaminose |
| histamina | histamine | histamine |
| ingestión | ingestion | ingestion |
| intolerancia a la lactosa | lactose intolerance | intolérance lactose |
| kilocaloría | kilocalorie | kilocalorie |
| laxante | laxative | laxatif |
| leguminosa | legume | légumineuse |
| lipofuscina | lipofuscin | lipofuscine |
| lipoproteína | lipoprotein | lipoprotéine |
| lipoproteínas de alta densidad | high density lipoproteins (HDL) | lipoprotéines à haute densité |
| lipoproteínas de baja densidad | low density lipoproteins (LDL) | lipoprotéines à baisse densité |
| liposoluble | fat soluble | liposoluble |
| lisina | lysine | lysine |
| maltoza | maltoze | maltoze |
| mamíferos | mammals | mammifères |
| mantenimiento | maintenance | maintenance |
| masticar | chew | mastiquer |
| mastitis | mastitis | mammite |
| materia orgánica | organic matter | matière organique |
| materia seca | dry matter | matière sèche |
| megacaloría | megacalorie | mégacalorie |
| metabolismo basal | basal metabolic rate (BMR) | métabolisme basal |
| mineral | mineral | minéral |
| monogástrico | monogastric | monogastrique |
| necesidad nutricional | nutrient requirement | besoin nutritionnel |
| niacina | niacin | niacine |
| nitrógeno no proteico | non-protein nitrogen | azote non-protéique |
| nutriente | nutrient | nutriment |
| obesidad | obesity | obésité |
| oxidante | oxidant | oxydant |
| oxisterol | oxysterol | oxystérol |
| palatabilidad | palatability | palatabilité |
| páncreas | pancreas | pancréas |
| papila | papillae | papille |
| pepsina | pepsin | pepsine |
| peristalsis | peristalsis | péristaltisme |
| peroxidasa | peroxidase | peroxydase |

| Español | English | Français |
|--------------------------|-------------------------|--------------------------|
| píloro | pylorus | pylore |
| placenta | placenta | placenta |
| prostaglandina | prostaglandin | prostaglandine |
| proteína bruta | crude protein | protéine brute |
| quelación | chelation | chéléation |
| radical libre | free radical | radical libre |
| raquitismo | rickets | rachitisme |
| regurgitación | regurgitation | régurgitation |
| reloj biológico | biological clock | horloge biologique |
| ritmo circadiano | circadian rhythm | rythme circadien |
| rizobio | rhizobium | rhizobium |
| rizoma | rhizome | rhizome |
| sabor | taste | saveur |
| silo | silo | silo |
| sistema gastrointestinal | gastrointestinal system | système gastrointestinal |
| subalimentación | subalimentation | sous-alimentation |
| tampón | buffer | tampon |
| tanino | tannin | tannin |
| tegumento | tegument | tégument |
| timpanismo | tympanism | tympanisme |
| tolerancia intestinal | bowel tolerance | tolérance intestinale |
| triglicérido | triglyceride | triglycéride |
| urea | urea | urée |
| valor biológico | biological value | valeur biologique |
